

Goldsmiths Students' Union Policy

Goldsmiths Students' Union Student Assembly

Motion proposed by Thomas Ankin

Motion Title:

Mental Health Campaign

Union Notes

1 in 4 people will experience mental health issues in their life.

1 in 4 GP consultations are in regards to mental health issues.

A growing number of students are declaring mental health issues prior to arriving at goldsmiths.

Union believes

That there is still a great amount of stigma focussed towards people who suffer from mental health issues in our society

Goldsmiths champions itself on being a champion of campaigning for welfare and diversity it is important to include mental health

The union has a responsibility to support students in finding out local services who ca support them as well as local services.

Union resolves:

1 to take place per year by students union supported by the students officer and welfare officer

The campaign should communicate with relevant departments within the university to maximize the effect of the campaign, disability office, counselling.
