

Supporting the Every Month Campaign

Proposer: Shannon Howard (Goldsmiths SU Housing Officer)

Seconder: Brittany Irwin

This Union notes:

1. That problems surrounding the stigma of periods negatively affects homeless people and those experiencing poverty more than others.
2. That periods do not only affect women
3. That homeless people, and people experiencing poverty, find it more difficult to access sanitary products when necessary including during menstruation.
4. That personal wellbeing is dramatically affected by one's ability to care for themselves, and thus, if a person is unable to access the right materials necessary when menstruating, this can directly affect their wellbeing.

This Union believes:

1. That everyone, regardless of their situation, should have ready and available access to pads and tampons.
2. That such access can have a positive impact on the wellbeing of any individual who may need it.
3. That we need to support and empower those who have periods, and allow them to care for themselves independently.

This Union resolves:

1. To support the Every Month Campaign in both a financial and non-financial manner, through regular funding and access to materials and spaces necessary for fundraising.
2. To publicise the Every Month Campaign on appropriate Students' Union media outlets.
3. To establish a 'drop off point' in the Students' Union where students and visitors can donate pads and tampons.
