

Trump the Ban

Proposer: Daniel Nasr (Goldsmiths SU President)

Secunder: Jaxon Kramer

This Union Notes:

1. Donald Trump has been inaugurated as President of the United States 2. During his first month in office, he has signed an executive order banning all travel into the united states from Iraqi, Iranian, Syrian, Sudanese, Libyan and Somali nationals. 3. This includes those who hold dual nationalities (i.e., Iraqi- British) 4. He has also signed an order banning refugees from 7 countries from entering the United States 5. That families have been separated because of this ban, leaving nationals from the above countries stranded in transit to the United States. 6. Other executive orders and legislation include a global gag order on abortions, a wall on the southern border and the advancement of the Dakota Access Pipeline

This Union Believes:

1. Donald Trump is a bigot
2. That the ban is a racist and blatantly islamophobic policy
3. That the United States was built on the backs of enslaved black people and immigrants from all over the world.
4. That to separate families and deny entry on the basis of religion is a violation of human rights
5. That free movement of the people is a fundamental right

This Union Resolves:

1. To lobby the university to offer sanctuary at Goldsmiths to students that have been stranded due to the ban
2. To mandate the Union Officers to write to the US embassy with these concerns on behalf of the student body
3. To call on the University Warden to take a public stance on this issue 4. To support students wishing to use direct action to oppose these policies
